Swift | SwiftUI | Core Data | React Native | Git | DevOps | Scrum | AWS | Docker | REST | Java

WORK EXPERIENCE

Founder & iOS Developer

Self-employed | Colmar (FR) | September 2023 - Present

- Successfully launched 5 iOS applications in SwiftUI (see more in "Projects" section)
- Conceived UI/UX designs for user-friendly interfaces
- Achieved 500+ daily users through effective App Store Optimization
- Improved the 5 applications continuously with updates and performance analysis

Software Engineer Intern

ALTEN | Strasbourg (FR) | March - August 2023

- Architected a web application catering to over 1,000 internal users
- Programmed the web application using Angular, Java Spring, and Docker
- Gained significant experience as a Product Owner and Scrum Master in an 8-member team

Frontend Developer Intern

WebGate Consulting AG | Zürich (CH) | May - September 2022

- Architected a Microsoft Teams application
- Integrated an advanced meeting planning tool, "GoodMeeting"
- Engineered the frontend in 4 months using React, ensuring a responsive design
- Coordinated with 2 backend developers, employing Scrum methodology

Frontend Developer

Freelance | Remote | August 2021 - September 2023

- Created over 15 websites using React and mobile apps with React Native
- Initiated entrepreneurial activities (project management and customer contact)
- Collaborated with more than 10 clients over 2 years, concurrent with academic studies

EDUCATION

Arts & Métiers engineering degree | ECAM Strasbourg-Europe, France

2018 - 2023

Graduated with "Avenir" award for high performance

Bachelor's degree in mechanical engineering | Hochschule Kaiserslautern, Germany
